

Rollers for Vacuum Infusion and RTM Lite

Radius Compression Roller

These rollers will assist in pushing glass evenly into corners both before and after the vacuum bag is applied. Proper usage of these rollers will dramatically reduce the number of voids and help to maintain consistent part thickness.

- * No sharp edges to tear or distort bag
- * Evenly distributes pressure
- * Compact frame design

Tape Application Roller

These rollers will assist in pushing glass evenly into corners both before and after the vacuum bag is applied. Proper usage of these rollers will dramatically reduce the number of voids and help to maintain consistent part thickness.

- * Evenly distributes pressure on tape.
- * No sharp edges to prevent bag tears
- * Increase tape/bag seal reliability

All rollers HDPE for long life and easy clean-up.

- 508A1500512 1.5" Dia x 1/2" w/1/8" Radius
- 508A1500525 1.5" Dia x 1/2" w/1/4" Radius
- 508A1500950 1.5" Dia x 7/8" w/1/2" Radius
- 508A1501262 1.5" Dia x 1-1/4" w/5/8" Radius

All rollers include our ferrule reinforced handle.

- 504A150050 1.5" Dia. x 1/2" Flat Tape Roller
- 504A150075 1.5" Dia. x 3/4" Flat Tape Roller
- 504A150100 1.5" Dia. x 1" Flat Tape Roller
- 504A150125 1.5" Dia. x 1-1/2" Flat Tape Roller
