New Plastic Roller Sleeves

Our newest designs, both are industry exclusives.

The worlds first paddle (long groove) roller.
precision CNC machined.

Made from chemically resistant HDPE making them a perfect solution for large panels made from chemically sensitive materials such as epoxy and vinyl esters.

Thin fin, machined plastic roller sleeves, machined to the exact standards of our popular aluminum sleeves.

Made from HDPE for superior clean up properties that have made our plastic rollers the world's standard for easy to clean solutions for open mold lamination.

Plastic Thin Fin Combination

810PR 200 300	2 x 3.0" (50 x 75mm)
810PR 200 400	2 x 4.0" (50 x 100mm)
810PR 200 700	2 x 7.0" (50 x 180mm)
810PR 200 900	2 x 9.0" (50 x 225mm)

Refill Sleeve
